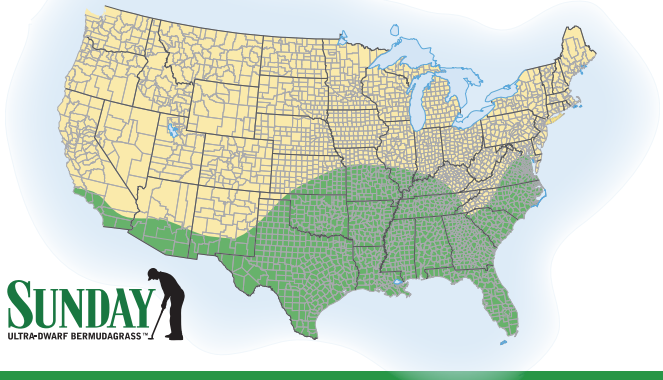
Growing Zone



Sunday™ is an ultra-dwarf, "greens" type bermudagrass. Developed by a turf grower and golf course owner, Sunday is finer-textured that TifDwarf. It can be maintained at .100 and can be mowed as low as .080. In addition, the color of Sunday is monolithic, providing a highly aesthetic green and a very consistent, high quality putting surface.

	Characteristics	Sunday
Aesthetics	Uses	Golf
	Color	Dark Green
	Blade Width	1.21 mm
	Feel	Soft
